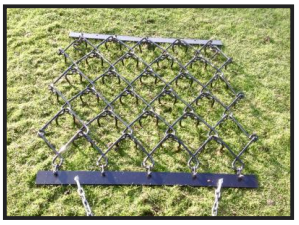
UK Spec 4ft Trailed Harrow



£295.00

4FT Heavy duty chain harrows can be used in 3 ways you have the standard way to remove moss and dead thatch & aerating the soil reverse the harrows for more aggressive on old and un managed surfaces,
3rd way turn the harrows upside down this is great for harrowing sensitive ground level top soil or breaking down horse manure.Harrows work great on sand arenas..
Towable with Quads, Atv, Tractors & other,vehicle
